

QUALITY POLICY

LOYZ Marine Services Limited is committed to deliver exceptional marine services that always meet applicable requirements. We are guided by our strategic plans and dedication to customer satisfaction through our supply of Maritime Security, Marine Logistics, Vessel Chartering, Marine Consultation and Operations.

We shall establish and maintain continual improvement of the quality management system whose design and structure shall always meet the ISO9001:2015 statutory, regulatory and Legal requirements.

This policy shall be reviewed periodically for suitability and shall be communicated across the organization.

We shall continually improve in our capacity to consistently meet customer's needs and expectation, communicate the importance of meeting regulatory and statutory requirements, and ensure leadership and commitment to quality management at all levels.

A handwritten signature in black ink, appearing to read 'Bassey Adie', is positioned above the printed name.
